

REMARKS/ARGUMENTS

Entry of this Amendment After Allowance Under 37 C.F.R. § 1.312 is respectfully requested since it does not add any new matter. More specifically, the amendment to Claims 1-3 corrects an antecedent error. The antecedent error in the claims was discovered by the applicants' attorney during a post-allowance review of the claims, and the attorney has been diligent in correcting any informalities that he has become aware of.

Respectfully Submitted,
